PTO is an organization run entirely by volunteers. I am very grateful for our parents who are always the first to volunteer their time to help with the Book Fair, Track and Field Day, or Gift Wrapping not to forget the parents who do their best to help earn money during fundraisers! Unfortunately, the need for help remains incredibly great. If PTO does not find more parents to share the work load then I am heartbroken to say it could see many activities disappear next year. PTO is unquestionably a benefit to the school doing many things behind the scenes to help not only the Elementary but also the High School. Please consider investing a little time in PTO as a presidency member or committee leader. No matter how important PTO is to someone when the work amount becomes too great the enjoyment will be lost. I would like to see many hands making the work light rather than one person becoming overwhelmed while trying to help.

And the most important thing of all is that PTO exists to help our children!

Thank you, Ember Hannesson
